PROFILE

Having trained as a full-stack developer, I have carved a distinct path as a dedicated front-end developer and refined my software expertise, demonstrated through my successfully completed three impactful projects, utilizing React.js, Redux, CSS, HTML and API integration. My pursuit of mastery in Next.js and Typescript reflects my eagerness for knowledge and dedication to enhancing my front-end skills.

PROFESSIONAL EXPERIENCE

On-Site Full Stack JavaScript Trainee

GoMyCode Nigeria

11/2022 – 05/2023
Yaba, Lagos, Nigeria

- Collaborated with other developers and product teams to integrate UI/UX designs into functional web pages.
- Ensured the seamless integration of front-end components with back-end services.
- Optimized web pages for performance, scalability, and cross-browser compatibility.
- Implemented responsive web designs for optimal viewing on a variety of devices.
- Developed, modified, and debugged web pages, ensuring code quality and best practices
- Continuously stayed updated with industry trends, tools, and technologies.
